DISASTROUS FIRE IN BATH.

Large Part of the Business Portion of City Gutted. BATH, Jan. 29 .- One of the most disas trous fires in the history of the city broke out Sunday in the Sagadohock House stables. A large portion of the business portion of the city was gutted, about 20 buildings being destroyed. The fire spread so rapidly the department was wholly unable to cope with it. Calls for assistance sent to Portland and Lewiston brought steamers, and two hand-engines were sent from Brunswick. The water pipes were frozen and broken, but few of the hydrants could be used and it was some time before effective work could be ione. The fire communicated to the hotel from the stables and the house, which is the leading one of the city was quickly gutted. The adjoining buildings were soon in flames and before the fire could be controlled \$500,000 worth of
